To whom it may concern

I'm writing in support of Heba Zatar application to be part of your organization. Heba was a student of mine in the Graduation Project course at Jazan University. She was an excellent individual contributor and completed her work in a timely and complete manner. She clearly has a passion to learn new things. Heba has an ability to team up and work collaboratively with others and successfully applied the concepts in practical ways.

Heba was prepared for every team meeting, demonstrated initiative and strong insight to help her team make significant progress and providing solutions.

She has a pleasant demeanor and is able to work well with a diverse set of teammates, and understood the importance of individual accountability and overall team responsibilities.

For these reasons and more I highly recommend her for to be part of your organization.

Please feel free to reach out to me if you have questions or need additional information.
