

## To whom it may concern

I highly recommend **Heba Amjad Abdullatif Zatar** as a candidate for graduate school. I have known her for more than three years as a student in the College of Computer Science and Information Technology, Jazan University. She is a very tremendous, sincere and talented student. In addition to her classwork, **Heba** was also employed in various positions and activities in College as a teacher in many programs and a leader in some committees. She accomplished all these tasks with great initiative and with a very positive attitude.

I recommend her for both employment or postgraduate study without reservation. If you have any further questions with regard to her background or qualifications, please do not hesitate to contact me.

Yours sincerely,

Dr. Abdulrahman Alameer

Associate Professor - Head of the Cybersecurity Unit

College of Computer Science and Information Technology, Jazan University,
